

You are a detective trying to solve your hardest case yet, but there's another spy detective trying to solve the case before you! Use the coordinate grids on page 2 to discover your opponent's tools before they are able to solve the case!

You will need:

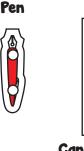

- -pair of scissors
- -tape
- -red marker, pen, or crayon
- -black marker, pen, or crayon

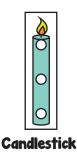

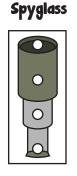

Game Pieces

Cut out each piece carefully. Each player gets 5 pieces.

Directions:

- 1. Use tape to place the five pieces from page 1 onto your board. (Pieces must be placed either horizontally or vertically.)
- 2. Once both detectives are ready, take turns guessing coordinates ("I Spy -2, 5!") to find your opponents pieces. You and your opponent must reply with "Caught me!" or "Missed me!"
- 3. If you hit your opponent's mark, mark that coordinate with a red dot on "Opponent's Board." If you miss your opponent's mark, mark that coordinate with a black dot.
- 4. If your opponent hits one of your marks, mark that coordinate with a red dot on "Your Board."
- 5. Once a piece has been fully marked, you or your opponent must say "You've discovered my [item]!"
- 6. Once all five of an opponent's pieces are found, that player has found the spy!
