

Rules of Horse Race

Aim of the Game

Eleven horses enter a race. The first one to pass the finish line wins.

Rules

Place counters on the starting squares labeled 2 to 12.

Share out the horses so that each person in your group has three or four horses.

How to play

Roll the two dice and add the scores.

The horse with that number moves one square forward.

Keep rolling the dice.

The horse that is first past the finishing line wins.
